

# CnZMate®

## P3750 mounting block

A simple solution for installing switches and sockets in sheds, garages, workshops, and factories.

### Use them anywhere

- Interior or exterior use
- Install above workbenches to power all the tools you need
- Fit under eaves for exterior lights and sensors
- Provide switches and sockets anywhere in your building

### Designed to work for you

- Low profile maximises available working space
- Robust design for all environments
- Fast and easy to install

### Install in minutes

- Install anywhere on walls or ceiling
- Multiple units can be gang-joined
- Slotted mounting holes ensure quick, accurate installation
- Fitted screw caps for a tidy finish

### Specifications

- Fits either C or Z purlins
- 84mm mounting centres for standard plate fittings
- 25mm conduit entries on left and right sides
- Fully enclosed for electrical safety and vermin control
- Tested to AS/NZS standard
